

HOPE WITHOUT STIGMA

Medications for Addiction Treatment Program (MAT)

ADDICTION

Nationwide, Native Americans and Alaskan Natives are at least twice as likely as the general population to become addicted to drugs and alcohol and three times as likely to die of a drug overdose. Across Indian Country and within our community, drug misuse reaches epidemic proportions.

HEALING

At LIHC, we understand that the mind, body, and spirit must heal together. Through our program, we want to help those who are recovering or seeking help to recover from opioid use disorder through various culturally appropriate tools, medications, and a supportive environment to help make positive changes.

COMMUNITY

We need your help! Your opinion matters! We will soon be creating a survey to help determine the culturally appropriate tools or ways that could be useful in our community. The first 25 respondents will receive a \$10 gift card once the link to the survey is made available.

LASSEN
INDIAN HEALTH CENTER

For additional info, please contact Lassen Indian Health Center, Vanessa Hanson at 530-251-5116. Or mail your survey to, Attention: Lassen Indian Health Center, Vanessa Hanson, 795 Joaquin St Susanville, CA 96130.
